

**Here are all the final components. The elastic band  
is 30 cm long, 2cm wide.**

**1**

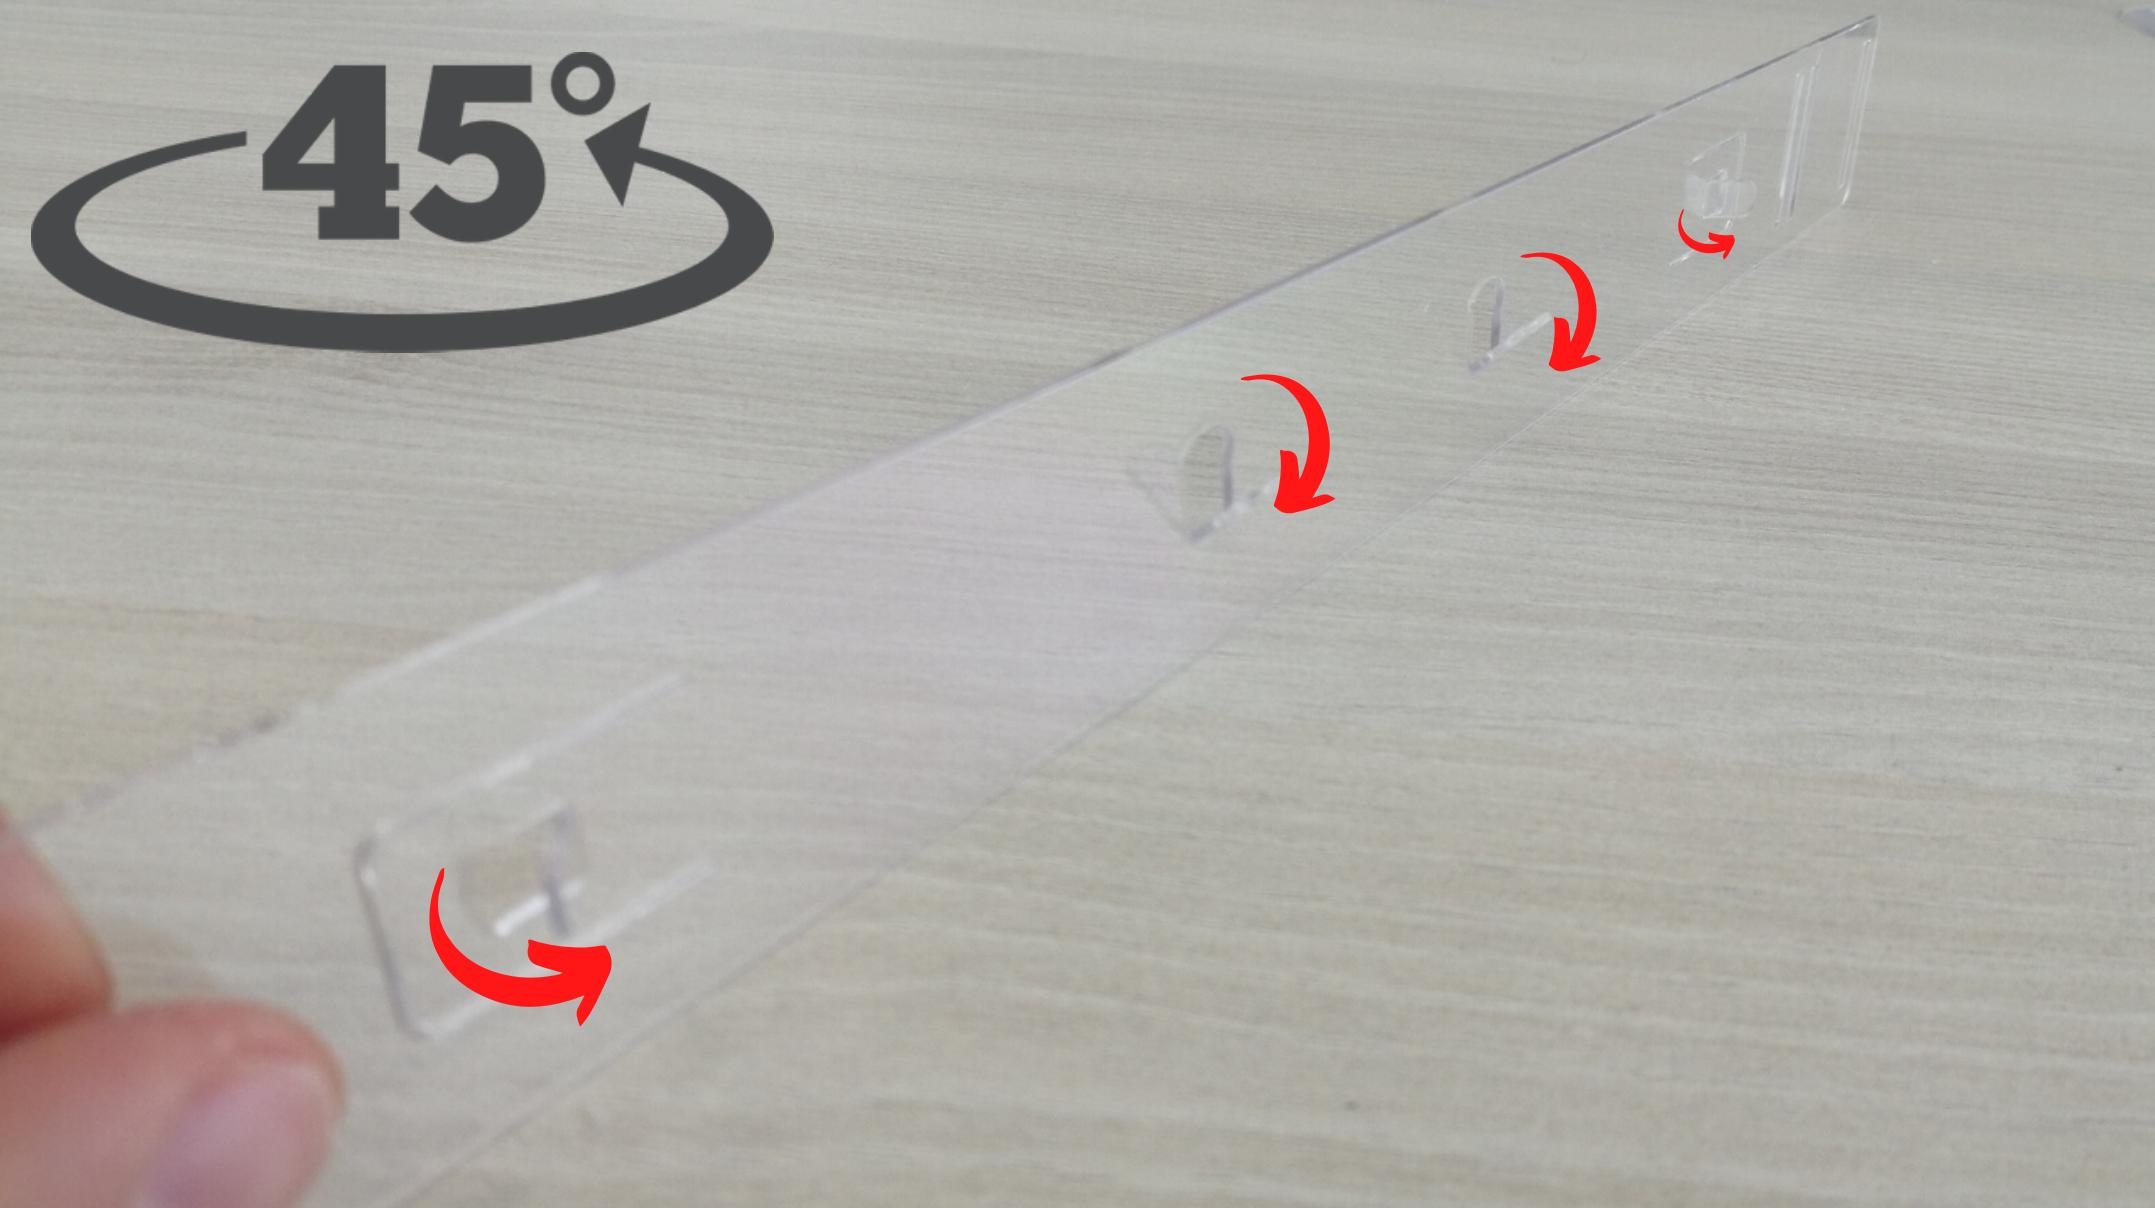

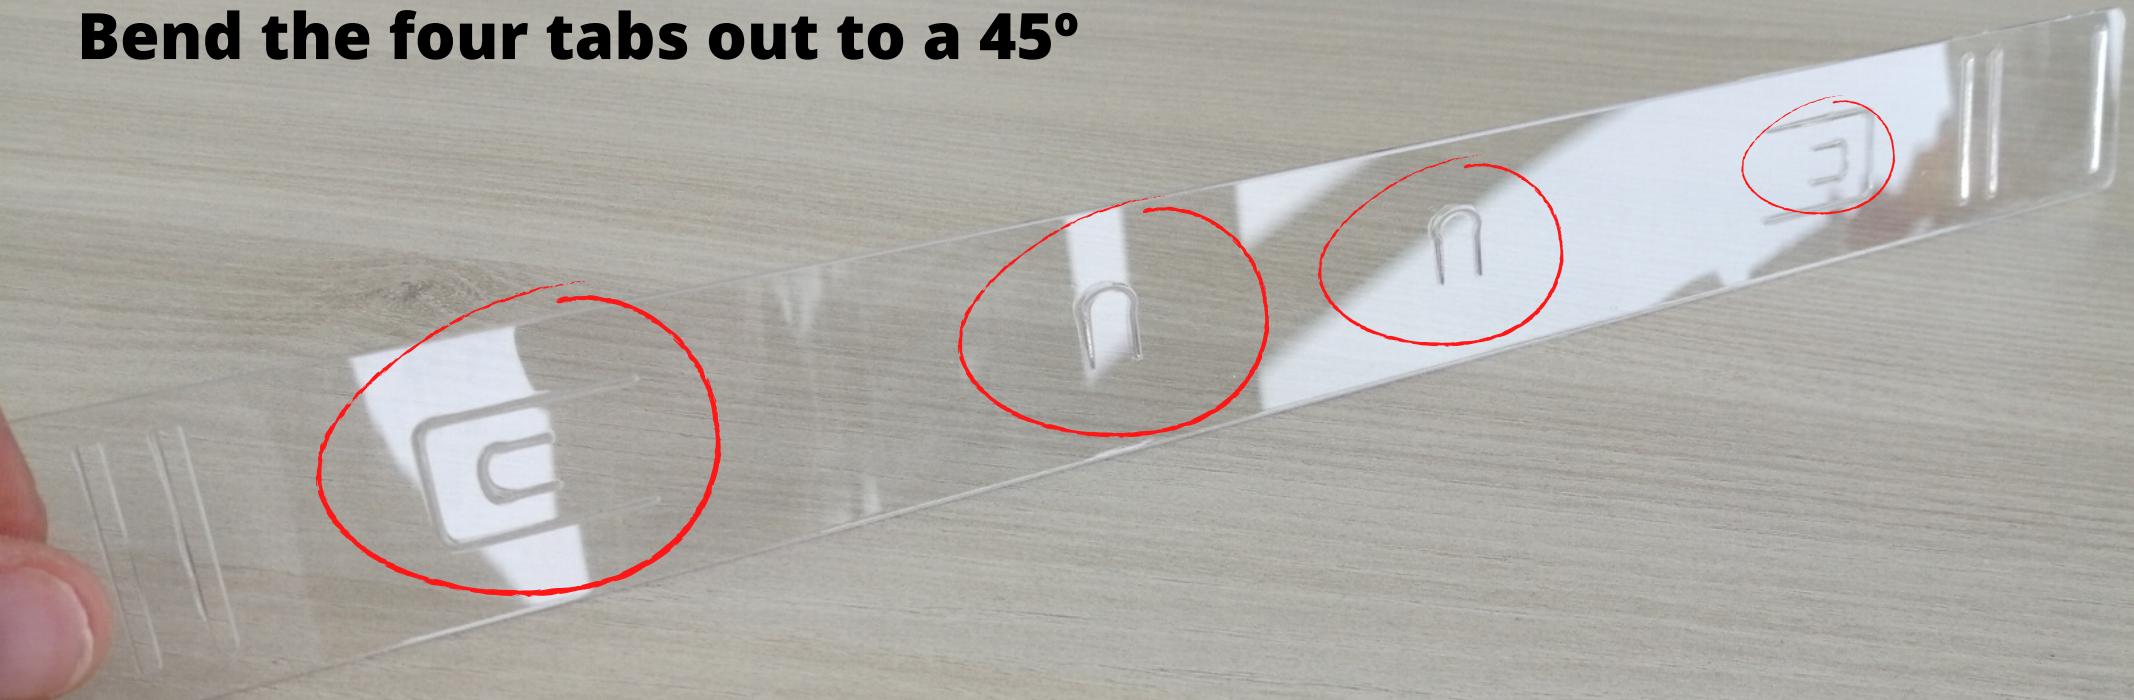

**2**

**3**

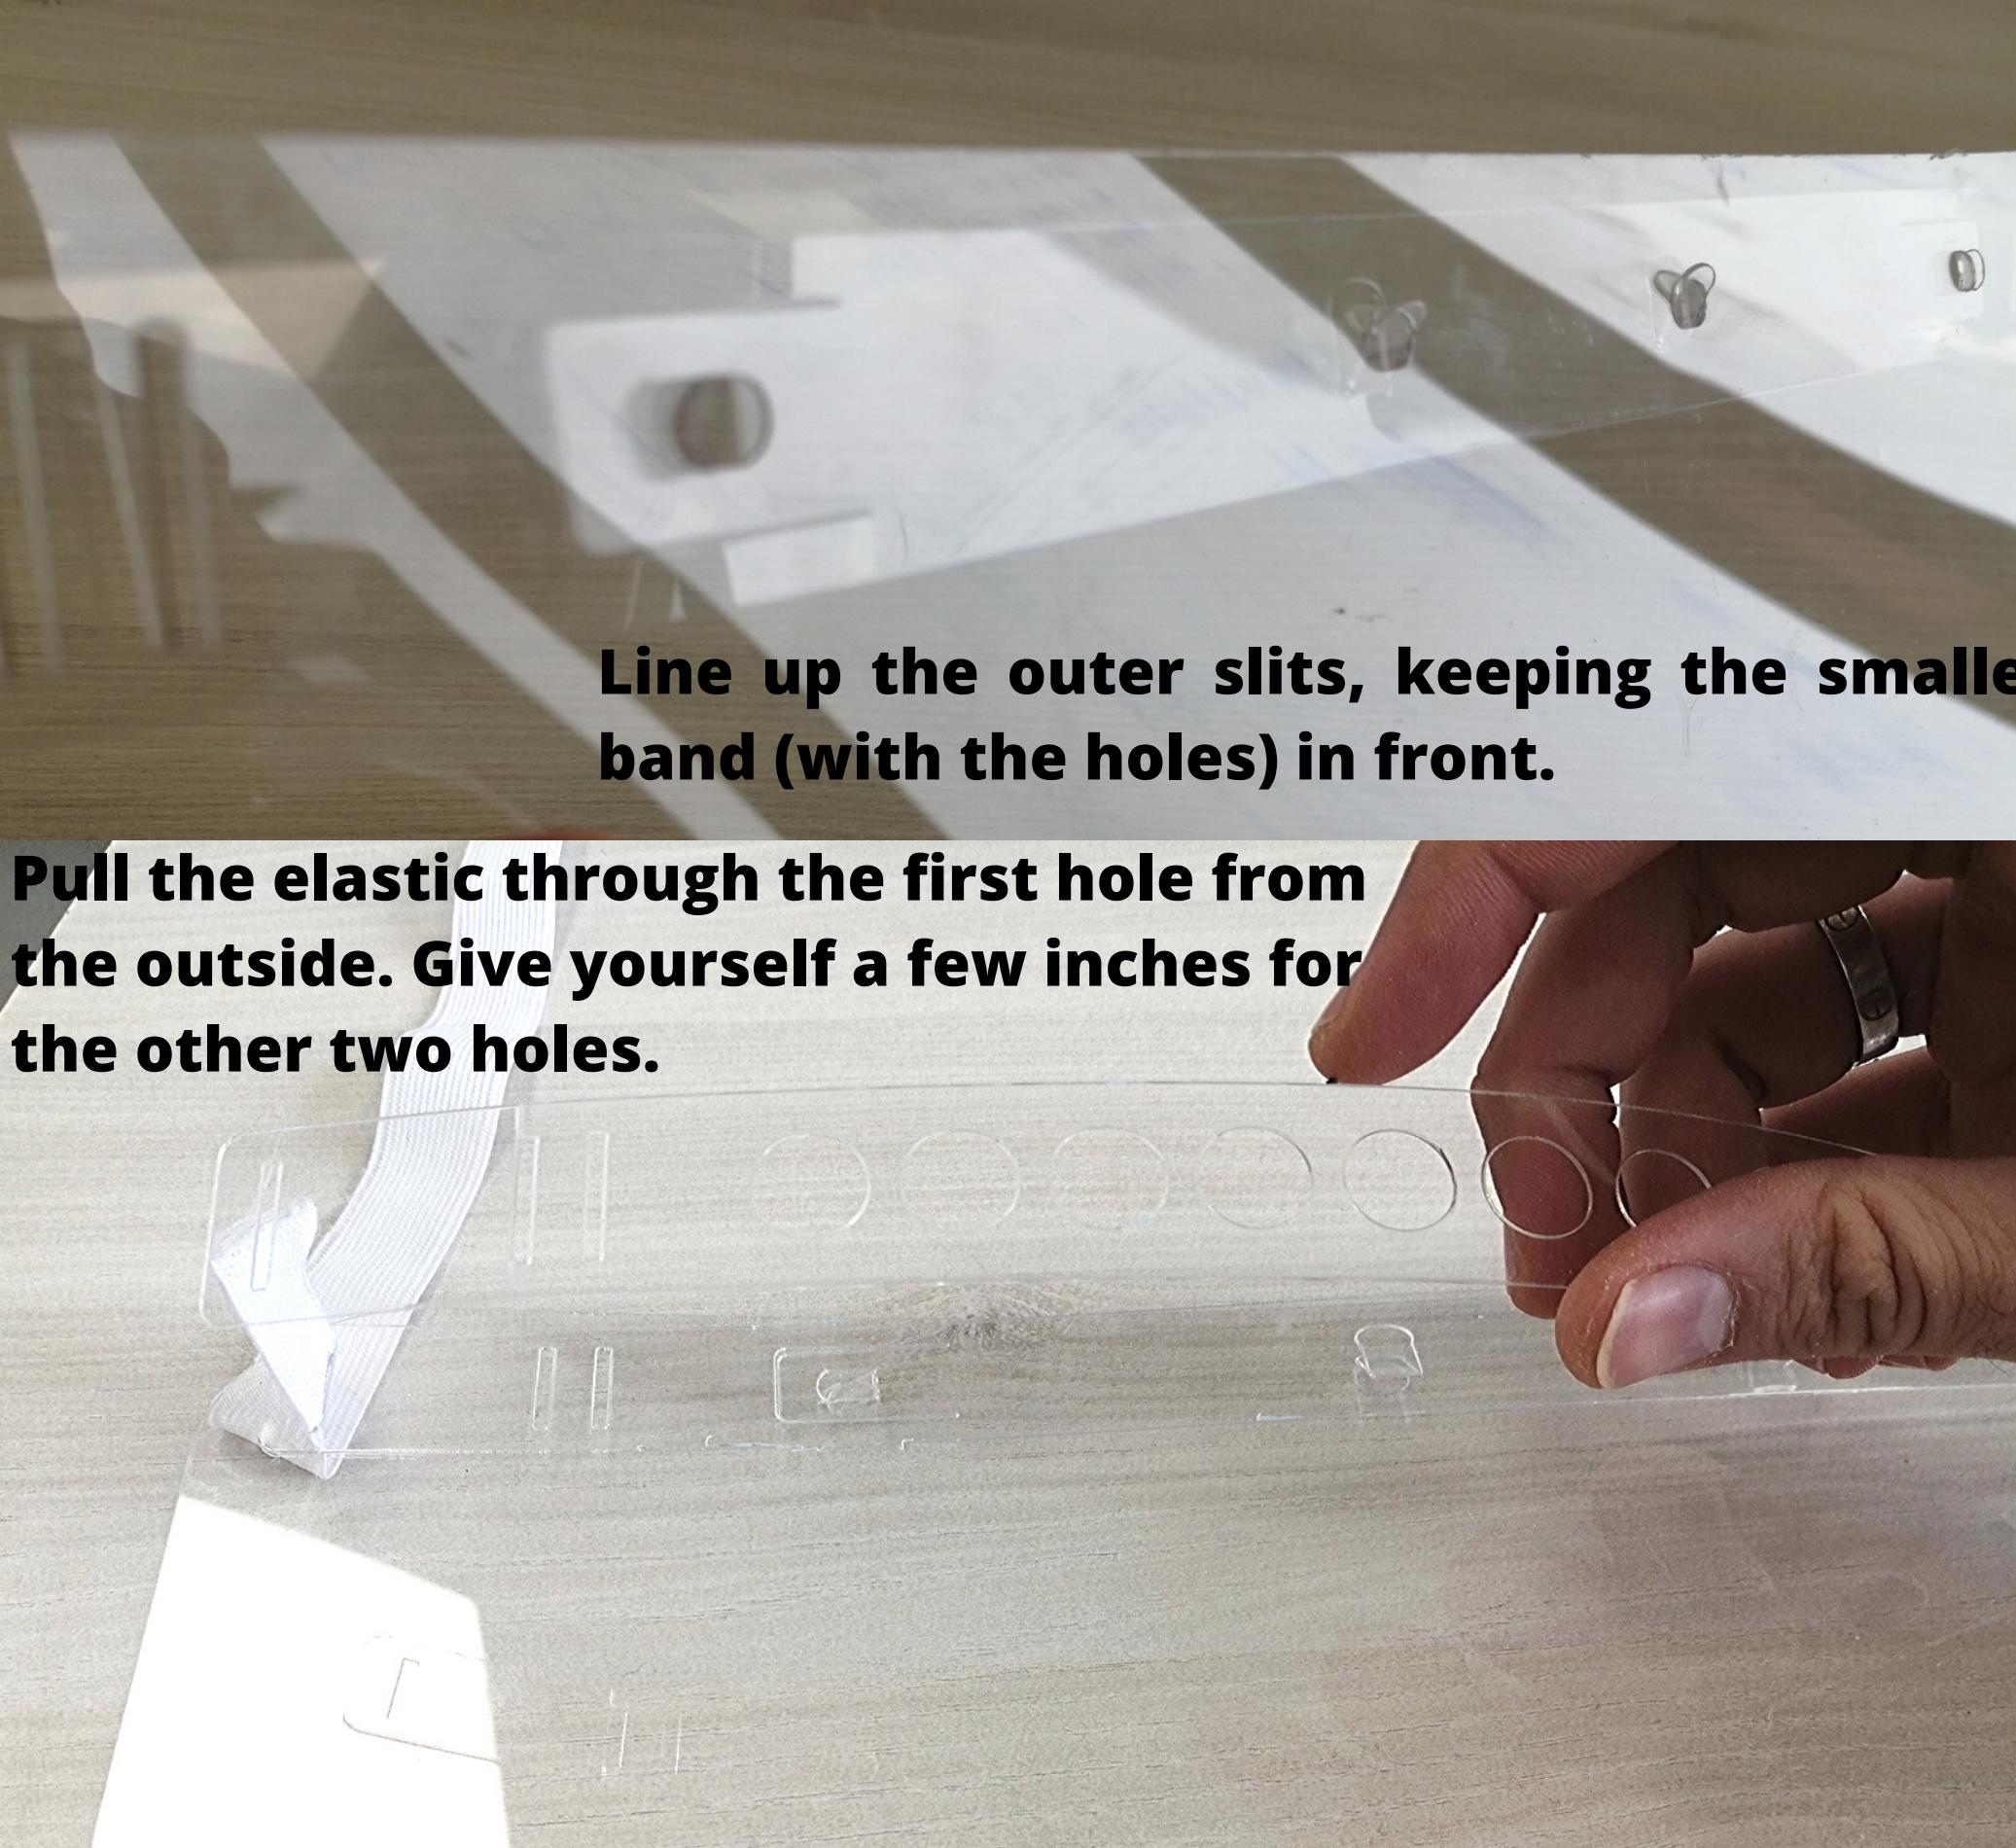

**4**

**5**

**Bend the four tabs out to a 45°**

**Insert the shield through the tabs**

**Line up the outer slits, keeping the smaller band (with the holes) in front.**

**Pull the elastic through the first hole from the outside. Give yourself a few inches for the other two holes.**
